INTRODUCTION

THE SACRAMENTO DIRECTORY CO., publisher of the Sacramento City Directory, presents to subscribers and the general public this, the 1931 edition of the Sacramento City Directory, which also includes North Sacramento.

Confidence in the growth of Sacramento's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Sacramento to the world.

The enviable place occupied by these directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Sacramento Directory will fulfill its mission as a source of authentic information pertaining to the city.

POPULATION

The estimated population of Sacramento is 100,305 based on the number of individuals' names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

FIVE MAJOR DEPARTMENTS

THE BUYERS' GUIDE, pages 17 to 64, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Sacramento. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best and, as such, merits a survey by all buyers keen to familiarize themselves with sources of supply. The city's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like Sacramento the necessity of having this kind of information immediately available, is very great, and, frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations is included in pages 65 to 606.

DIRECTORY OF HOUSEHOLDERS, TENANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES, AND STREET AND AVENUE GUIDE covers pages 609 to 812. In this section the names of the streets and avenues are arranged in alphabetical order; the residences

INTRODUCTION—Continued

and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 831 to 912. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium.

NUMERICAL TELEPHONE GUIDE is given on pages 913 to 1002.

MUNICIPAL PUBLICITY

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Sacramento, for business men everywhere realize that the city directory represents a community as it really is.

THE SACRAMENTO DIRECTORY LIBRARY

Through the courtesy of the publishers of the Sacramento City Directory, a Directory Library is maintained in the offices at 423 J Street for free reference by the general public. This library is one of the system of more than 400, installed and operated in the chief cities of the U. S. and Canada, under the supervision of the Association of North American Directory Publishers, of which The Sacramento Directory Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

SACRAMENTO

SACRAMENTO, the "Heart of California" and capital city of the state, is located at the confluence of the Sacramento and American rivers, in the center of the greatest agricultural, mineral and timber producing area of California. With a background of history closely entwined with some of the great epochal events in the civilization and development of the Pacific Coast, Sacramento through her years of civic and commercial progress has maintained leadership among the cities of the West. It is now the largest interior city in California and one of the most rapidly growing cities in America.

The close of the year 1930 marked an eight-year period of development not matched by any previous twenty-year period in the history of the city. This was due to the splendid development of the Sacramento Valley and mountain counties, to the growth of Sacramento as a commercial and manufacturing center, and to the program of municipal improvements undertaken by the citizens themselves through the municipal government. Under the business-like regime of the City Manager-Council form of government, which has been in force since June 30, 1921, more than $80,000,000 was expended in building permits, bond funds, municipal budgets and allied activities.

STATE CAPITOL BUILDING

Sacramento has graduated from the class of the ordinary capital city to a thrifty metropolis of 93,685.

The westward movement of population has found Sacramento one of the beautiful cities of the Golden State, a comfortable and prosperous community in which to live.

The city is built on a level plain with an incorporated area of fourteen square miles. The climate is semi-tropical, with an average mean annual temperature of sixty degrees, and an annual average rainfall of 18.28 inches (U. S. Weather Bureau 50-year record).

Sacramento's most notable beauty is in its wide tree-lined streets and its 1219 acres of municipal parks. No city in the West equals this city in number of street trees, cared for and protected by the city government.

Sacramento is the home of the annual California State Fair, the largest and most successful exposition of its kind in the United States.

Notable among the historic points of interest are Sutter's Fort, now entirely restored to its original form, and maintained as a state museum, housing a priceless exhibit of relics of pioneer days; Crocker Art Gallery, one of the largest and most valuable art collections in the West; and the $8,000,000 group of Capitol buildings, surrounded by a 40-acre state park world-famed for its beauty and the more than one thousand varieties of trees, shrubs and flowers gathered from every country on the globe.

Sacramento's school system is recognized as one of the best in a state noted for its educational progress, with a $1,500,000 high school and a $600,000 Junior College typical of its outstanding excellence. On the Junior College Campus was erected in 1928 a splendid stadium, cost $175,000 and seating 25,000.

Sacramento's Junior College ranks in point of attendance as the largest Junior College in California. Attendance for the 1929-30 term was 2237, with 61 teachers on the staff. Students are registered from 37 counties in the state, from Del Norte and Modoc on the north to Riverside and San Bernardino in the south; from twelve other states; and from seven foreign countries, including India, Japan, China and Russia. The college, which has grown from an infant in 1926 with an initial enrollment of 45, is housed in a group of beautiful buildings on a 61-acre campus, representing an investment of bond money totaling $600,000.

The beauty of its residential sections, modern public and business buildings, beautiful churches and splendid hospitals add to its attractiveness as a home city.

Sacramento's million dollar Memorial Auditorium, splendid hotel and restaurant accommodations and its metropolitan theatres have made it an outstanding convention center, exceeded in numbers of state and national convention gatherings only by Los Angeles and San Francisco.

Most remarkable of any feature of its development has been Sacramento's industrial growth. More than six hundred industrial plants furnish employment for approximately one-fifth of the city's population.

The Southern Pacific shops in Sacramento are the second largest in the world, employing regularly 4000 men. The company has a total of 5134 employees in Sacramento, with an annual payroll of $7,292,503. The Western Pacific, with its main shops here, employs more than 600, with an annual payroll of nearly $1,000,000.

The principal industry is that of canning fresh fruits and vegetables, Sacramento's four canneries being the largest in California, and two of them the largest institutions of their kind in the world. The twenty canneries in Sacramento County produce annually 21% of the total output of the 209 canneries in California. The plant of the American Can Company is the largest and most modern of the can factories operated by that national concern, emphasizing Sacramento's position as the canning center of the state.

Sacramento has the only almond shelling plant in the world, and more than sixty-five per cent of the state's total almond output is handled here.

Flour and feed mills, slaughtering and meat-packing houses, rice and bean cleaners, clay, pipe and pottery works, lumber and box factories and similar institutions convert into manufactured products other raw material provided by the vast agricultural, timber and mineral wealth of the region.

The region of which Sacramento is the metropolis and trading center—the twenty-one counties of Northern California—east of the Coast Range—produces 35% of California's total agricultural yield; 75% of its precious and structural mineral products; and has 9,000,000 of the 14,000,000 acres of virgin timber still standing.

The sale value of the raw products of farm, mine and mill in this region in 1928 was

Agricultural Products:		
Field Crops	$52,000,000	
Fruits	25,000,000	
Dairy Products	16,000,000	
Vegetables	10,000,000	
Poultry Products	8,000,000	
Wool and Lambs	6,000,000	
Beef and Pork	5,000,000	
		$122,000,000
Mineral Products		48,000,000
Lumber		30,000,000
		$200,000,000
And to this might be added the estimated wholesale value of its hydro-electric power production, totalling		$100,000,000
Making a total of		$300,000,000

Sacramento is the banking center of interior California, served by eleven strong banking institutions, whose combined clearings average $450,000,000 annually, and whose total deposits exceed $100,000,000.

History

HISTORICALLY, Sacramento is associated with three great epochal events in California's development.

The settlement established August 12, 1839, by Capt. John A. Sutter at Sutter's Fort, now Sacramento, was the first settlement of white men in interior California, and marked the beginning of agricultural development that has made California third among the states of the Union in total value of its agricultural products.

The discovery of gold January 24, 1848, by James W. Marshall, one of Sutter's men, at Coloma, sixty miles east of the city, brought about the great gold rush of '49 and '50, which so quickly populated the state that it was admitted to full-fledged statehood September 9, 1850.

The transcontinental railroad started from Sacramento in 1863 and completed in 1969 (the old Central Pacific, now Southern Pacific) was the first to link the West to the East with bands of steel, and from the viewpoint of lasting benefits, overshadows even Marshall's discovery.

AERIAL VIEW OF STATE CAPITOL

Sacramento was incorporated in 1849 and chosen as Capital of California in 1854.

Fastest Growing County

SACRAMENTO is County Seat of the fastest growing farm county in California, according to the Federal Farm Census.

The census of 1910 gave Sacramento County 1601 individual farms. In 1920 the number had grown to 2975 and in 1925 to 3921. This was an increase of 144% for the 15-year period, 1910-25. The 1930 census will note this rate of increase continuing.

With the increase in number has come a corresponding decrease in average size. Great grain farms have yielded to subdivision and intensive cultivation in more profitable crops. The average in 1910 was 295.5 acres, in 1925, 114 acres per farm. The average value in 1910 was $71.09 per acre. In 1925 it was $179.73. Total value of all farms and buildings in the county in 1910 was $33,630,820, in 1925, $80,399,382—an increase of 138%.

Unequalled Diversification

SACRAMENTO COUNTY, according to County Horticultural Commissioner A. E. Morrison, is the most diversified in its products of any county in California. This remarkable diversification is what makes for stable and year round prosperity.

Sacramento County produces, successfully and in large quantities, more than twenty varieties of fruits and nuts, and every known American vegetable. Some crop is in harvest every month of the year.

Coupled with rich soil, ample water and intensive farming methods, this diversity places Sacramento County in a place of conspicuous leadership among the high producing counties of California.

Sacramento County tops the list in several of the highly developed specialty crops:

ASPARAGUS—Nearly half of the world's supply—
CELERY—One-quarter California's total crop—
PEARS—Leads all other counties in the state—
SPINACH—One-fifth California's total crop—
TOMATOES—One-third the state total.

Sacramento County is the third largest poultry producing center in California. It offers ideal conditions for dairying and livestock production.

Land prices, available markets and ideal conditions assure success to the man who knows how and will farm right.

The Sacramento Chamber of Commerce

THIS ORGANIZATION is the active representative of the commercial, industrial, financial and civic interests of Sacramento in promoting its welfare and prosperity.

The Chamber is completely departmentalized, with Industrial, Agricultural, Tourist and Resort, Exhibit and Publicity departments, under experienced managers, set up for the purpose of supplying complete and authentic information on matters relating to Sacramento and Northern California. Arthur S. Dudley is Secretary-Manager. The Chamber occupies is own building at 917 Seventh Street.

How to Use This Directory

To get the most good from this Directory you must know what it contains and how to use it. You cannot get this knowledge by glancing hastily through the book, and assuming that your mind grasps a full idea of its contents from the name.

LOCATING MISSING HEIRS FINDING LOST PERSONS

This is only one of the many offices that the modern directory successfully fills

The directories of the United States form a perpetual inventory of the human element of the nation as well as the business activities.

Police Departments, the country over, rely upon directory information for the location of lost persons. Lawyers and executors of estates are likewise dependent on the information that these "city catalogs" contain.

Real Estate buyers and agents have multitude occasions to refer to the pages of directories of other cities in order that they may have detailed and authentic information on parcels of land and subdivisions in which they have a personal or business interest.

Credit managers have unlimited use for the pages of the modern directory, as have collection managers and agencies.

The uses of the city directory are legion; the information is authentic and the manufacturers and companies that are represented therein are reputable and dependable.

Make More Use of Your City Directory!!

SACRAMENTO DIRECTORY CO'S
SACRAMENTO
DIRECTORY OF HOUSEHOLDERS, OCCUPANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES
INCLUDING A COMPLETE
STREET AND AVENUE GUIDE
1931

COPYRIGHT, 1931, BY SACRAMENTO DIRECTORY CO.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

A THUMB NAIL SKETCH OF NORTH SACRAMENTO

(By North Sacramento Chamber of Commerce)

SUBDIVIDED out of original Rancho Del Paso, or Haggin Grant, in 1910, and incorporated in 1924, North Sacramento has grown from a grain field to a town of over 5000 in seventeen years.

The contiguous territory comprising the areas known as Hagginwood, Woodlake, Rio Linda, and Robla support a population in excess of 10,000.

Since incorporation approximately $300,000 has been expended in street improvement alone and this includes Del Paso Boulevard, 100 feet wide, traversing the central portion of the town. A modern, sanitary sewer system has been completed, connecting with every part of the town.

The North Sacramento School District comprises modern, well-equipped schools, being attended by more than 1500 children.

The spiritual needs of the community are cared for by four churches: Methodist, Nazarene, Roman Catholic and Bethel-Lutheran. The social life is represented by the Woman's Club, Rotary, Knights of Pythias, and the Masons. The North Sacramento Chamber of Commerce is, of course, representative of all, and has been the moving force behind all improvements and developments since before the incorporation of the town. It is equipped to supply complete and reliable information on all matters relating to the entire district.

One of the outstanding advantages of North Sacramento is its water supply. Pumped from deep wells it has shown a continuous record for purity surpassed only by the purest of high mountain springs.

Located between the converging lines of the Western Pacific and Southern Pacific and traversed by the Sacramento Northern

Railroad, North Sacramento offers the manufacturer the best sites for industrial enterprise in Northern California.

North Sacramento local traffic is served by the Sacramento Northern Railroad and the North Sacramento Stage Line which latter operates a schedule of forty-two round trips daily to and from Sacramento.

The volunteer fire department has twenty-five men under call.

North Sacramento is seven minutes from the center of Sacramento over a broad concrete highway, and is three miles from Del Paso Park, the 800-acre public park of the City of Sacramento, containing one of the finest municipal golf courses in California.

It has two newspapers of general circulation and the home-seeker will find modern well-stocked stores to satisfy every demand, and including a branch of one of the largest banking institutions in the City of Sacramento.

Has a first class hotel with free garage.

Has one of the largest apiaries in the State, doing a nation-wide business in bees, queens, honey, wax and bee supplies.

TITLE INSURANCE AND ESCROWS
OFFERING INTER-COUNTY SERVICE

Realtors, Bankers, Attorneys, Loan Agents:

You will find it convenient to place title orders and escrows on properties in "outside" counties here. Personal contact with our escrow department is a distinct advantage.

Sacramento City is the financial center of the Sacramento Valley, doing an ever increasing loan and real estate business throughout Northern California. It is our pleasure to act as a clearing house for this business.

We can be of real service too, because of our understanding of local title conditions and the methods of conducting business in the various county seats.
